Description

The Joint Stock Company Stega is a Lithuanian company, established in Mažeikiai in 2007. We are a reliable industrial and wholesale company that offers chemical products and high-quality brush segments for airfield and road sweepers. We are constantly improving quality of the products we supply and produce, the Stega JSC obtained ISO 9001 (quality management standard) and ISO 14001 (environmental management standard). As the activities of our company have been permanently improved and the company has been developed, we have found new directions and now are able to offer the new products such as snow cleaning blades, cisterns (containers for liquids), we also sell and lease scaffolds and timbering. In order to satisfy market requirements and stay competent, we are searching for new partners and products; also participate in the international exhibitions, etc. Our personnel are improving its confidence taking part in different trainings and seminars. We cooperate with industrial companies and key airports of the Baltics and other EU member states. Our partners are based in the Baltic countries, Finland, Macedonia, Belgium, China, Italy, the USA and Russian Federation.
