Description

ELVA – main activity designing, cutting and grading patterns, making samples, sourcing and buying fabrics and trims for clothes manufacturers. Our activities are divided in two parts: - Production of our own brand clothes (ELVA). ELVA clothes are designed for active middle-aged woman. Elegant and delicate attitude towards formal suits is offered. 3-4 clothing collections are designed every season. ELVA clothes are sold in different stores in Lithuania, Latvia, Estonia, Kaliningrad (Russia). - clothes production coordination services. Our customers do not need to bother about anything. ELVA will create design, cut and grade patterns, make the samples, source and buy fabric and trims. If the garment will have to be washed we will match the recipe and will offer the newest washing options. We have good ooperation’s with several factories, so our Customers production will be made in the factory matching his requirements and standards. We will arrange the transport and deliver the goods to any place in the world. Distance is not a limit.
