Description

Established in 2010, Baltic Contracting Group UAB is a rapidly growing business providing subcontracting and personnel provision services to the different sectors of the industry. We continue to earn trust in the market by setting high standards and living up to those standards for quality, economy, communication, performance and safety on all of our projects. Today we are providing high quality services to the companies in the Netherlands, Sweden, Finland and Norway, Germany and Belgium as well.

Business Line

Subcontracting and personnel provision.

List of products

We carry out and execute projects in the construction, ship building and repairs, oil and gas as well as green energy sectors. In addition to this our professional technical staff can perform various metal construction fabrication and installation works. Depending on the needs of the clients can prepare the job estimates as well.
