Description

Veika has been developing innovative products and technologies for wallpaper manufacturers around the world for already 26 years. Its main activity areas include water and solvent-based printing inks and coatings for screen, gravure and flexo as well as inkjet printing. Veika's products are applied in the wall-covering industry as well as in wide-format digital printing. The company owns the trademarks Opti™, Ecodeco™, and Dimense™. Veika's headquarters and main factory are located in Lithuania, and the company is represented in Germany, Russia, Turkey, Israel, Belarus, and China. Veika exports more than 90 percent of its production and services and currently has more than 120 business clients in 31 countries.
