Description

BALTO print is one of the largest book manufacturers (book printing companies) in Baltic states, printing over 500,000 high-quality books every month for prominent Lithuanian and foreign publishers. Flawless print quality is guaranteed by experienced polygraphy specialists and modern and innovative equipment. BALTO print operates two printing houses in Lithuania and has sales departments not only there, but also in London (UK) and Moscow (Russia). Our printing professionals are successfully working in markets of Sweden, Norway, Denmark, Finland, United Kingdom, Germany, Netherlands, Russia and many other countries. The primary aim of BALTO print is excellent customer service based on providing high-quality products. This allows to establish, constantly promote and ensure effective long-term cooperation with both Lithuanian and foreign partners and clients.
