## Description

“PharmaDIA” was founded in 2015 by pharmacists from medicine regulatory and distribution fields. From the beginning the company was providing regulatory, pharmacovigilance and distribution service in Baltic countries and working as a wholesaler of high quality medicine, food supplements and cosmetic products. The company is not only wholesaler, but the developer of cosmetic products as well.

## Business Line

Face Sheet Masks - Lecler

---

## List of products

Sheet masks is new trend in beauty routine. We offer high quality sheet masks produced under GMP license. Product has effectiveness trials. Sheet masks is very effective and simple to use cosmetic form. We offer very thin cotton- silk combined base sheet masks At the core of serum formula is strong hydration complex. This complex increases hydration level twice as much as common hyaluronic acid and keeps skin hydrated three days after application. Serum is enriched with antioxidants and peptides. Peptides relax facial muscles reducing fine lines, and stimulates collagen and elastin production. Masks are excellent solution for sensitive

skin and our formulation doesn't include parabens, phtalates, sulfates. Lecler range consist of three SKUs:  
Express refresh - Boost skin radiance for immediate effect Intense Hydration - moisturizes skin from deep inner layers Anti - ageing - Prevents aging processes
