Description

BGS is an international provider of ground handling, aircraft fueling, liquid ADR logistics and training services as well as IT solutions. The company operates in Lithuania, Latvia, Estonia, Poland, Czech Republic, Russia and Ukraine. BGS supports both domestic and international air carriers in Vilnius, Kaunas, Palanga, Riga, Tallinn, Ostrava, Modlin, Chopin, Warsaw, Krakow, Katowice, as well as Zhukovsky, Boryspil, Kiev, Odessa and Lviv airports. Each year international BGS team service over 5 million passengers and 23 512 flights. The company also provides more than 500 000 tons of aviation fuel annually. With almost 200 own tank trucks, each year BGS also transports over 400 million of liters of petrol and other liquid ADR for non-aviation customers in the Baltic States, Eastern and Central Europe, Scandinavia as well as the rest of the region.

Business Line

Ground Handling; Aircraft fueling; Liquid ADR Logistics; Training; IT Solutions

List of products

BGS is fully licensed to provide passenger and aircraft handling services. Being an IATA Fuel Quality Pool (IFQP) compliant company, each year BGS provides airlines and aviators in commercial and general aviation with over

450 000 of aviation fuel supplied annually. BGS offers liquid ADR logistics for wholesalers, producers and end consumers in the Baltic States, Eastern and Central Europe and Scandinavia. With many years of experience in various aircraft handling areas, we hold strong competence and vast capabilities for both theoretical and practical training of a wide range of specialists. IT Solutions: Management of the full flight cycle procedures in the airport and ground handling.
