Description

Antrocelas JSC was founded at year 2000 with it's first millennium product - cellulose fibre for asphalt concrete (Antrocel - P). Later cellulose pallets (Antrocel-P) and adhesive promoter for bitumen (AntrocelBond) where presented to the market. Today Antrocelas is known brand for the products dedicated for road construction. Strongest link between bitumen and rock since Antrocel is between!

Business Line

Aphalt concrete, road construction
