Description

UAB Kasko Group I Kid-Man™ Manufactures and supplies assistive devices for the handicapped and the elderly. Our range of products includes but is not limited to aids for mobility and furniture for bathroom, toilet, and hospitals. Located in Lithuania's capital Vilnius, well prepared sales team is ready to assist you every day. If you want to be consulted about the product or receive a price offer, we guarantee we will respond to you in a comprehensive manner. We believe in simple values – profound knowledge about the products we offer, fast response time, and respect for our customers. There is no magic formula to suit everyone, and that is why we take every customer's individual needs and expectations into account. Being proud of the fact that our communication is based on human values, we are also proud to be able to supply over 100 different products from the stock. Orders are prepared for shipment within 1-2 days and the solution for transportation is made on request.

Business Line

Assistive devices for the handicapped and the elderly
