Description

AMC Baltic established in January 2008. We are manufacturer of loudspeakers and electronics. Several years have passed to establish modern and flexible company, operating in highly competitive international market. From simple ceiling loudspeakers to EN54 certified speakers, from mixing amplifiers to high technology audio devices, from local supplies to international distributor network establishment - the way our company passed in the last years. AMC Baltic now is a strong international partner when any kind of public address or voice evacuation product comes to inquiry. AMC brand is appreciated in the market for its quality and reliability. Today we offer very large choice of speakers and electronics.
