Description

JSC “Baltgrupe” is a Lithuanian private equity company based in Vilnius, the capital of Lithuania. The Company is mainly engaged in supplying timber and its products, solid fuels, animal bedding. We are a modern and dynamic team of professionals with a clear plan of a long-term development and sustainable growth in groups of activity we are engaged in. As we consider Western Europe as our main market, we are consistently establishing relations with new customers and partners based in this market. JSC “Baltgrupe” employs highly skilled specialists taking care for assurance of good quality and smooth supply on everyday basis. Our team’s goal: to offer the best price-quality ratio in the market for the partners. We always give priority to a long-term cooperation. Therefore, we manage to adapt to the partners’ needs and manage to deal quickly and effectively with the difficulties faced. We are convinced that a particular attention to communication helps develop a mutual trust that forms a

Business Line
