Description

ABOUT US Our company is a family of more than 50 experienced business managers, engineers and researchers, whose main target is support and expansion of your business. We believe that business is all about trust, experience and innovation. Having more than 25 years of experience we developed four main divisions in our company: business development, supply, engineering and research. The continuous gain of customers trust helped us to expand our business rapidly: past few years we got one of the biggest stakes of the market in our region, still delivering our products and services to the rest of the world. Remember, we are special forces in the field of your activity ready to support Your business 24/7.
