### Description

At Lubrita Europe B.V. we are passionate about our lubricants business and have a strong presence in more than 20 countries globally. Our high quality lubricant products for the agricultural, construction, earthmoving, industrial and transportation sectors of the market, as well as our extensive range of automotive lubricants, all meet or exceed the diverse requirements and specifications set by the industry. Our production, based in Germany and the Netherlands use modern blending technology and is ISO and OHSAS accredited. Our company has grown to become a reliable, ethical company with immense focus on quality and customer care.
