Description

Seashells for laying hens. ECO-Certified, sold in bulk and retail packages. Morgan Agro Seashells are Calcium Superfood for Healthier Hens and Stronger Egg Shells. Morgan Agro Seashells are an ideal product for Backyard Coops, Family-Owned Farms and Small Egg Producers who truly care for the health and welfare of their hens, and are interested in trying alternative calcium supplements that are far superior to limestone, oyster shells, and crushed egg shells. For egg producers from 24t by trucks or railway wagons We work directly with retail agro chains in EU. Sold in 2kg / 20kg individual packages.
