Description

Startuper's ready-to-EAT innovative food on the go. One Startuper's Smoothie 250 calories is an excellent replacement for all unhealthy fast-food options. Only one smoothie will keep an adult person full for up to three hours. The formula is created by scientists and enriched with high quality protein, fiber and minerals. Shelf- life 18 months. The product does not require any special storage conditions. We are growing very fast, always looking for new partners to produce our product.
