Description

Eustilija is a Lithuanian manufacturer of high quality clothing. Founded in 1995 as a small company offering sewing services to European customers, Eustilija has grown into a company presenting its own collections, with five shops in the major cities of Lithuania. Eustilija has 20 years of experience in manufacturing jerseys and woven garments using advanced technologies such as serigraphy, transfers, flocking, laser, etc. „Introstyle Premium” is a sartorial brand for a well-balanced feminine lifestyle. Developed by sisters Eugenija Galkauskiene and Sandra Antanaitiene, the brand is designed to endow strong and mindful women with a sense of comfort, ease and intelligent style. The clothes are created using the finest quality natural fabrics, with an emphasis on outstanding softness and detailed tailoring. Feminine power ascends from within. “Introstyle Premium” clothes are designed to express it. The company offers complete women’s fashion solutions, from preparation of collections, pattern design, grading, sampling and manufacturing to sourcing of trimmings. The annual production capacity is ~360 000 pcs.
